

## Synthetik Series >> ARCADIA – 8 BITS INVASION 2

Future Loops presents Arcadia - 8 Bits Invasion 2 , the second and highly awaited volume from our retro gaming inspired Sound FX collection !

We dived once more into the arcade vaults of classic 70's and 80's sound chips and archetypal machines to bring you an evocative cluster of pure 8-Bit emulation gems that will delight any electronic music producer looking for bona fide samples that still retain the vintage flavour of old SID chips and cartridges !

Arcadia - 8 Bits Invasion 2 is a must-have library for ready-to-use and inspirational chiptune sounds that can easily adapt to any genre or production style ! From short bleeps to LFO blips , from retro noises to gaming lasers , tracker synths or classic FX tones - with more than 500 WAV sounds there is plenty of variety to choose from !

Arcadia - 8 Bits Invasion 2 features:

517 WAV Sound Effects divided into 10 different folders representing different gaming sound design categories: Healers, 1-Up, Game Over, Checkpoint, Star Power, Hazards, Strange Beings, Shooters, Continue and Warp Zone!

Arcadia - 8 Bits Invasion 2 is perfect for any Producer, DJ and Sound Designer who needs highly inspirational and retro gaming sound fx ! All 100% royalty-free and ready to infect your studio with authentic 8-Bit awesomeness !
