

GROOVE SERIES >> Beat Service Progressive Trance

Future Loops is proud to present, Beat Service Progressive Trance, a state of the art collection of Progressive Construction Kits that will seriously heat up your dance productions!

Beat Service aka Madis Sillamo has belted a string of Top Ten hits on Beatport Trance charts and has remixed some of the major forces in the Trance scene: Markus Schulz, George Acosta and Lange to name a few. Besides extensive touring in clubs worldwide, Beat Service has had releases on some of the finest dance labels such as Anjuna, Black Hole and Armada.

With this release Madis offers you a chance to mix highly professional elements into your Trance productions! This sample pack of exquisitely produced loops features 20 Constructions Kits that include pre-mixed versions, all the loop elements as standalone stems (Kicks, Bass, Leads, Percussion, Pads, etc..) and 100's of One Shots if you want to build entire new beats from the ground up .
