

Drumming Series >> DANCE PERCUSSION 01

Future Loops presents Dance Percussion 01 a collection of over 500 percussion Loops & One Shots specially designed for Dance & Electronic producers .

Dance Percussion 01 features body-rocking live performances all superbly recorded at the club-friendly tempo of 128 BPM and is ready to bring depth and detail to your beat efforts : from House, Techno and Progressive to Electro , Breakbeat or Chill-Out.

The rhythmic patterns in Dance Percussion 01 range from fast paced to tight funky , from chilled to trance inducing so this sample pack is perfect whether you're looking to construct complex and dancefloor bursting percussive arrangements or if you just need that extra organic swing to smooth out your groove workouts . Also ideal to engineer deep impact intros or breakdowns !

Inside Dance Percussion 01 you will find 3 distinct percussive flavors : Congas, Bongos and Djembe ! Each instrument offers you a unique tone so you have more possibilities to play with and mix in your tracks . Also included are 150 One-Shots that will allow you to develop entirely new rhythmic patterns from scratch and come up with fully customized percussion grooves !

All loops in Dance Percussion 01 were performed live by world-class percussionists and features:

352 Loops

114 Congas
126 Bongos
112 Djembe

165 One shots
