

Real Series >> Dub Horns Section 2

Future Loops presents Dub Horns Section 2 , the highly anticipated second volume from our smashing Dub Horns Section hit , a mighty collection of Dub & Reggae brass samples and loops!

Dub Horns section 2 is packed with even more high quality horns section arrangements that will delight all Dub/Reggae producers featuring ready-to-mix arrangements with Saxophone, Trombone and Trumpet. Flexibility and mixing control were kept in mind: each arrangement features several variations and includes the different instruments offered as separate loops as well as the full mix version (all instruments pre-mixed for combo brass loops !).

Dub Horns Section 2 was recorded at the dub-friendly tempo of 70 BPM and all the loops are 100% Royalty-Free ! As always we did all the hard work to ensure you get a sample pack ready for any type of use: as such the loops were "pre-sliced" into one-shots giving you access to thousands of dub brass samples that you can use to create new patterns , process as fx or rearrange melodies !

Here's what you can find inside Dub Horns Section 2 :

- 4557 Loops & One-Shots
- 580 Loops including Saxophone, Trumpet, Trombone ad Full Mix
- 3972 Sliced One-Shots
- 559 REX Loops

If you need authentic brass loops to add some organic dub goodness to your tracks or if you're looking for 1000's of brass one-shots to create dub & reggae melodies from scratch, Dub Horns Section 2 is here and ready to spread some positive vibes into your productions!
