Future Loops presents EDM Projects - Ableton Live Templates + Sylenth a smashing collection of truly multi-format club kits ( WAV , REX & MIDI ) , sound design presets (Sylenth) and inspirational templates (Ableton Live projects)!

Calling out all EDM, Progressive, Future House & Melbourne Bounce producers!

EDM Projects - Ableton Live Templates + Sylenth brings you 15 ear catching construction kits and templates and each of them is a valuable production tool full of options to explore, shape, mix, cut and mash!

**ABLETON LIVE PROJECTS + SYLENTH**

Each construction kit is delivered as a full Ableton Live Project - which means you can load the templates in Ableton Live and access all the tracks and instruments for full creative control !

Included in each template are also several Sylenth presets: this allows you to reshape and tweak most melodic elements in your EDM projects in a heartbeat ( so please note that if you wish to use the templates without limitations it is recommended that you have Sylenth installed).

**GROOVE SERIES >> EDM PROJECTS – ABLETON LIVE TEMPLATES + SYLENTH****WAV & REX**

All Construction Kits are also provided in WAV format: including Full Drums, Drum Loop Elements, Melodic & Instrumental Loops , FX and Drum One-Shots. For even more flexibility REX loops are also available so you can change tempo easily!

**MIDI**

Reshape the sounds, rearrange the notes.. you name it! The possibilities are endless....

**IN SUM**

EDM Projects - Ableton Live Templates + Sylenth is a must-have collection for anyone looking for a solid ready to rumble EDM sound tool or for the avid dance producer who wishes to dig deeper and tackle kits directly as Ableton Live Projects !
