

GROOVE SERIES >> FUTURE BASS CHILL

Future Loops is proud to present "Future Bass Chill", an exquisite collection of mind-bending samples in WAV & REX formats.

"Future Bass Chill" delivers inspirational and forward thinking Bass Music loops that dive deep into the world of Garage , Dubstep , Ambient or Chill Step. This is the future sound of chilled bass music from a distant past : spacey synths , trippy basslines , subversive drums and cryptic ambiences eagerly await their entrance into all sorts of puzzling underground productions that favor the psychotropical side of music making !

Every single sound in ""Future Bass Chill" was produced from scratch to bring you deluxe 100% Royalty-Free elements and with plenty of headroom to process and tweak as you please !
