

Future Loops presents "Beatdiggin" ...the second title from our Groove Series.

"Beatdiggin" is your **deluxe source for rare , crusty and vintage funkadelic beats !**

This extraordinary package of hundreds of dusty grooves is an **homage to all the obsessive crate diggers and dedicated revivalists out there !**

Inside you will find the freshest and most **original collection of tight beats** that sound straight from the crates !

Every beat in "Beatdiggin" is a true original artefact .. We exceeded ourselves to bring you that **pure organic authenticity and to feed all you funk-hungry crate diggers with phat , obscure and vinyl flavoured loops !**

You'll be shocked with the pure grooviness that "Beatdiggin" has to offer ..These loops have so much soul they could **shake the foundations of a skyscraper !**

"Beatdiggin " is structured with the user in mind: Tempos range from 80BPM-110BPM : We created beats at 6 different tempos, and each beat is a precious gem ready to make your head nod !

**Features:**

450 Full Mix Beats : Beats come with 3 variations from the full mix,

300 Fills : We know you love those funky intros , snare fills and wicked breaks !

Over 1100 Loop Elements : All the individual loop components (kicks , snares , hats , percussion) in separate standalone loops for extensive usability and mixing control !

Over 2300 Sliced Hits : We did all the work for you and provide you with all the beat slices so you can have 100% control of your grooves and develop completely new beats from scratch!
