

Drumming Series >> Indie Post Rock Drums

Future Loops is proud to release **Indie Post Rock Drums**, an exceptional collection of Indie and Post Rock drum loops.

Indie Post Rock Drums is a truly unrivaled sample pack, featuring 236 drum loops impeccably played by John McEntire, renowned drummer, producer/engineer and member of Tortoise (cult Post-Rock band).

Besides the flawless and inspiring performances delivered by John McEntire **Indie Post Rock Drums** gives you a very versatile palette of grooves and rhythms so you can quickly build your own drum tracks easily and form the bedrock of your music. Drum Loops are spread across 3 Tempos: 100 BPM, 120 BPM and 140 BPM and a wonderful selection of Fills is also included for your sampling pleasure!

Drumming Series >> Indie Post Rock Drums

John McEntire executed these loops with perfect technique and excellence making **Indie Post Rock Drums** a must-have for anyone who needs provocative drum loops ready to supply raw energy to your tracks . Besides the more obvious Post & Indie Rock target this collection will also blend perfectly with other genres such as Pop, Alt Rock , Experimental and Electronic Music or any style where solid live drums are needed !

With 236 Loops in both WAV & REX format (a total of 466 samples), **Indie Post Rock Drums** will strike you as 5-Star, highly resourceful tool for drum loops performed by a true expert!
