

Future Loops is proud to present the first volume of our [Drumming Series](#) .

Prepare yourself to be stunned with the **purest funk rhythms by legendary Headhunters drummer Mike Clark** ! For years Mike has been a djs and music producers favourite and **he is one of the 3 most sampled drummers of all time!**..

Now you can have his beats the way you like them : **royalty-free and ready to go!** **Mike lays down some serious funk beats** in this *deluxe collection* that will have you nodding your head and shacking your hips in no time !

Mike Clark's Funk Drums is a must have for anyone who **needs to put some first-class grooves into their tracks.**

Yes! These are **100% original and exclusive funk drums** recorded by the "master of funk " himself to fulfil all your needs for **slammin' beats and top notch rhythms.**

This is an **absolutely superior library**, assembling Mike Clark's talent and experience with superb recording and production! **Mike Clark's Funk Drums** has hundreds of **beats , fills , rolls and even juicy percussion elements !**

Each beat is provided raw and **from at least 10 different mic perspectives** (kicks , snares , room etc..) giving you unprecedented and total control ..Its like having Mike in the Studio just for you ! You can literally **take these grooves anywhere you want to !**

Tempo ranges from 48-126 BPM and **WAV samples are 24-bit**. At the same time loops are also provided in **REX** format for maximum flexibility and there are **over 500 drum hits included !...**

In short ..this collection is a killer !..

What are you waiting for? Let the groove take control and **put your tunes on fire with this insane funky title!**
