

# DEEPTECH PRODUCER

GrooveBits is happy to announce Deep Tech Producer, a fresh and comprehensive selection of deep & tech house samples & loops that will spice up and inspire your dance productions!

Deep Tech Producer brings you superbly designed sounds that range from deep, groovy and bouncy to complex, intricate and powerful. With nearly 1,000 loops & one shots, you'll find a wide arsenal of sound tools - tight basslines, crispy drums, warm chords and stabs, intriguing synths, vocal cuts, FX & more!

Deep Tech Producer gives you full flexibility while mixing with multiple variations on each beat that include full drum loops, no kick loops, kick-only loops or extra top loops! You control the groove, pace, drops or builds or you can mix & match elements from different beats to create new rhythmic concepts on the fly!

Besides this awesome diversity of ready to mix loops, we packed Deep Tech Producer with over 550 Drum One Shots (Kick, Snare, Clap, Hi-Hat & more!) so you can get your hands dirty and start building your own Deep & Tech House rhythmic patterns totally from scratch!

Deep Tech Producer is a perfect addition to your sample arsenal whether you're into House, Techno, Tech House, Electro or Minimal!
