

GROOVE SERIES >> CONSEQUENCE – EXPERIMENTAL DNB

Future Loops is proud to present Consequence - Experimental DNB , a premium sample pack that brings you the groundbreaking sound of drum & bass wizard Consequence (aka Cameron McLaren).

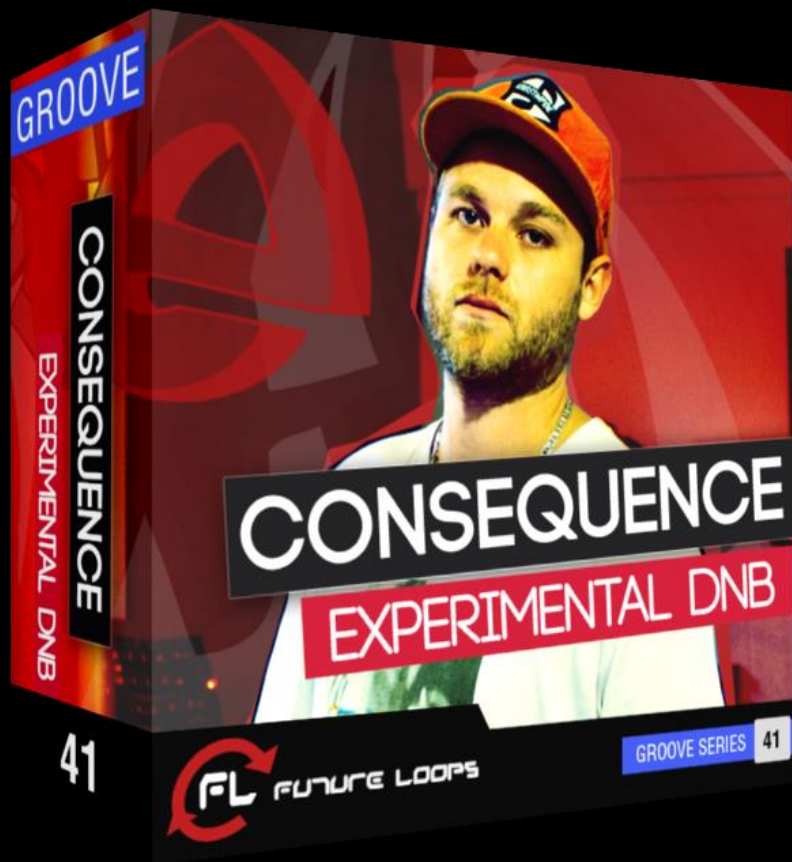

A truly innovative artist Consequence has been setting the standard very high for a new dnb wave that balances traditional drum & bass aesthetics with sonic and stylistic experimentation.

With full length albums, singles & EPs on imprints such as Exit Records, Tempa and Darkestral, Consequence has been pushing the boundaries of the 170BPM blueprint into exciting dimensions since his breakthrough "Live For Never" album (Exit Records / 2009).

Consequence - Experimental DNB captures his signature sound and delivers perfectly shaped & produced samples that will definitely take your drum & bass tracks genre into an exploratory dimension!

This forward thinking collection is brimming with fresh and inspirational loops that will appeal not only to drum & bass producers but also any electronic music producer that enjoys to delve into finely crafted sonic elements!
