

Real Series >> Dread Bass Drops

Future Loops is proud to release **Dread Bass Drops**, a *Jahlicious* collection of over 700 reggae & dub bass loops in WAV & REX format.

Dread Bass Drops harnesses all the sub-sonic power and raw energy that come from the traditional reggae & dub basslines . Featuring contagious performances from the very best in the field **Dread Bass Drops** comes in 5 different tempos - 70 BPM, 77 BPM, 85 BP, 90 BPM and 95 BPM – and loops were performed in a wide variety of keys.

This fresh collection of dubbed bass grooves includes 2 different bass sounds : one bass is clean yet still has a strong presence and the other bass is gritty and drenched in a sub-bass overdrive personality . And with over 700 (!) loops you are sure to get a huge variety of inspirational bass drops and playing styles .

Dread Bass Drops is an absolutely essential tool for any producer looking for high quality bass loops in their dub & reggae tracks - of course that you can always apply some of your production magic on these samples and use them in other genres such as Ambient , Hip-Hop , laid-back Electronica or even a more organic Dubstep .
