

Oh yeah ..Future Loops is bringing funky back ! Presenting the almighty Funk Soul Sessions collection , a funky wet dream for all the crate digging heads out there , a superbly recorded sample library bursting out some serious soul power (WAV / REX)!

If you're a certified funkaholic that gets high on tight basslines that groove like there's no tomorrow and fresh drum breaks that make your body shake in places that have never been shaken before ;

If you can't help but shiver in delight when that chucking 9th chord smoothly plays or those legendary silky licks do their funky thing ;

If you instantly get down and boogie when you hear that waka-chikka-waka or when those big bad-ass horns go up & down , left & right ... then worry not : Funk Soul Sessions is here and ready to keep your funk cravings under control !

Inspired by Funk masters !

Inspired by masters of funk such as James Brown, The Meters, Dyke & The Blazers or Sly & The Family Stone, Funk Soul Sessions brings you all the elements you need to mix funk & soul tracks or to incorporate authentic royalty-free funk samples into your productions and features a wide range of kits , loop elements and instruments (all recorded live and performed by true funk experts)!

Massive Construction Kits !

The samples and loops in Funk Soul Sessions are organized into massive Construction Kits - all structured into Intro, Verse, Chorus, Bridge and so on.. Quick to browse , easy to access , intuitive to mix !

Multiple Instruments & Funk Elements !

The list of instruments in the kits include Lead Guitar , Rhythm Guitar , Bass , Drums (Full Drums , Fills & Multitracks) , Percussion, Keys (Hammond, Rhodes, Clavinet) , , Horns Section (Sax, Trombone & Trumpet)!

Take a peek inside Funk Soul Sessions :

*Bass Loops

Tight & groovy live recorded bass loops for each section of the track (intro, verse, chorus, etc)

*Drums
