

Real Series >> Jazz-Funk Horns

Future Loops is proud to release “**Jazz-Funk Horns Section**”, a deluxe collection of brass loops & one shots with both a jazzy and funky vibe!

Whether you're producing Jazz , Funk, Soul, R&B, Lounge, Electronica, Hip-Pop or even Dance "**Jazz-Funk Horns Section**" can instantly provide your tracks with a warm upbeat vibe and shiny brass elements ! “**Jazz-Funk Horns Section**” features ready-to-mix arrangements that include Saxophone, Trumpet and Trombone .

For complete mix control each arrangement has different variations and offers the Sax, Trumpet and Trombone as separate loops, Trumpet and Saxophone Solos, as well as the Full Mix versions that consist of all 3 instruments pre-mixed !

To give you even more juice and value we have pre-sliced all the loops ( after hours of editing work ) into One-Shots and with over 2400 samples you can be sure to get your hands dirty and build your own sequences from scratch !

This makes "**Jazz-Funk Horns Section** " even more flexible to use with virtually any music genre. The only limit is your imagination!

Here's what you can find inside “**Jazz-Funk Horns Section**” :

3154 Loops & One Shots

- 731 Loops including Saxophone, Trumpet, Trombone, Sax & Trumpet Solos and Full Mix
- 2423 Sliced One- Shots
