

Real Series >> Jazzy Double Bass Vol 1

Future Loops presents **Jazzy Double Bass Vol 1**, a slick sample collection of over 2400 Double Bass Loops & One Shots with a delicious Jazzy feel.

Jazzy Double Bass Vol 1 was performed and recorded in 7 different tempos (60 , 80, 85, 100, 120, 140 and 160 BPM) and in a wide variety of keys, so there is definitely something here for everyone !

Due to it's charismatic and deep mysterious tone , the double (or acoustic / upright) bass is capable of instantly adding a very jazzy flavor and organic quality to a track . For this reason the double bass is an instrument that you will find in various music genres from Hip Hop , House or Drum N Bass to Breaks and Ambient to name only a few .

Future Loops developed **Jazzy Double Bass Vol 1** for both the producer that likes to use loops and the producer that prefers to mess around with one-shots to create new riffs & patterns from scratch . Do you like do to both things ? Even better !

Real Series >> Jazzy Double Bass Vol 1

That is why , besides the hundreds of different loops , you will also find a folder with 2000 of One-Shots , all pre-sliced and ready to go.. (yes , don't worry - we do all the hard editing work for you) . And rest assured that there are some real gems to discover , particularly suited for jazzy Dance or Vinyl-style Hip Hop tracks !

As standard with Future Loops sample packs , the loops are also available in REX format for optimal Tempo flexibility !
