

Future Loops is proud to release **Jonas Steur Prog House** , a supreme collection of dance samples that pushes the boundaries of progressive house and is simply packed with a monumental amount of 5 star loops specially developed from the ground up for your own mixing delight !

Belgian DJ and Producer Jonas Steur is the master behind this high-class sample pack release. For the last decade the talented Jonas Steur has built an impressive discography alongside a crowd of devoted fans .

With his music being played by all the big names and featured in games, tv shows and movies Jonas has a very eclectic approach to dance music but always goes back to a warm progressive melodic sound. With releases on labels such as Black Hole Recordings and Intuition , Jonas has also remixed dozens of tracks including from many high profiled producers such as Deadmau5, Tiesto , Armin Van Buuren , Cosmic Gate to name only a few ..!

Here's what Jonas has to say about this top notch sample pack:

"The prog house vibes pack is my interpretation of the different flavors within the modern prog house scene. From deep atmospheric stuff to techy beats and from minimal transparent grooves to full on melodic house with some trancy touches here and there. Ideal food for inspiration and a handy tool when you need to quickly create a solid prog house groove."

Jonas Steur Prog House features a massive 2GB and 50 Construction Kits worth of content , where all the individual components necessary for full remix control are offered as standalone loops: Drum Loop Elements, One Shots, Synths, Bass, Guitar, FX, Pianos and more!

Have no doubts , when it comes to all-embracing progressive house sounds **Jonas Steur Prog House** is a must-have collection that will have you busy in the studio for a long time ! Whether you want to create killer dance-floor house grooves, clever tech beats or dreamy melodic tracks, **Jonas Steur Prog House** has every element you need!
