

Future Loops is proud to present Klub Pop, an edgy collection of chart-topping Construction Kits with a fresh urban flavor and edgy attitude .

Klub Pop draws inspiration from the current crossover of styles that are smashing the charts and comes fully packed with all the new generation elements found in pop RnB and urban productions : enticing hook lines, floor bangin' Drums, phat Snares and Claps , razor sharp Leads , booming Basses and gated Synths !

Whether you are looking for a Commercial or Underground sound Klub Pop has got you covered, with content that reflects the styles of diverse producers and artists such as Timbaland, Dark Child, Usher, Lady Gaga or Beyonce.

Be ready to create instant hits with Klub Pop and build the next Pop anthem. Inside each Kit you can find the full mixed version but also all the individual Loop Elements and One Shots used to build the tracks: Drums, Kicks, Claps, Bass, Synths, Hats, FX, Strings and more! You have total control to mix, mash, cut, edit and tweak to create modern club smashing tracks !

The tempos range from 110 Bpm to 130 Bpm so you can be sure that the mood is always dance-floor driven ! These are trendy club kits that combine the Urban with the Pop that results into the electric sound that dominates the clubs and radios !
