

Exotik Series >> Tabla Loops

Future Loops presents **Tabla Loops** , from the highly acclaimed collection Total India (recorded in Chennai, Calcutta and Mumbai, India.) with over 450 pure North Indian Tabla hypnotic samples , straight from the Total India collection, which was entirely recorded in Chennai, Calcutta and Mumbai, India.

With over 14 GB Total India is a massive collection available only as a boxed 4-DVD set , but now and after much demand from our users you can download the Tabla loops and one-shots as a separate pack .

The tabla is one of the most known Indian instruments and a must have for any producer due to its unique sound and percussive nature . Consisting of a pair of hand drums , each with its own size and timbre , the tabla will immediately give an exotic and enticing vibe to a track , adding mystery , groove and a very distinct energy .

Tabla Loops is a rich and authentic tabla sample pack, played by true masters, and it is perfect for anyone who needs original Indian percussion loops that fit into virtually any music style, from world music, to chill-out, from drum n' bass to house music.

To spice up things and give you full control of your beat making process, **Tabla Loops** features nearly 300 ready to cook One-Shots!

In a total of 457 MB, Tabla Loops offers you 465 samples (168 WAV Loops, 297 WAV One-Shots, 168 REX Loops, 168 Apple Loops).
