

**LATIN SERIES >> TOTAL BOSSA NOVA**

Future Loops is proud to present **Total Bossa Nova**, a magnificent sample pack that brings you the best of Bossa Nova music with over 2 GB of original samples.

Bossa Nova is a music genre that originated in Brazil and gained worldwide popularity in the 60's, through the music of genius composers such as Joao Gilberto and Antonio Carlos Jobim. With roots in the Samba, Bossa Nova uses less percussive elements and is heavily influenced by jazz music. It is well known for its sweet , summery melodies and smooth tone .

**Total Bossa Nova** was entirely recorded in Brazil, featuring performances from highly experienced Bossa Nova musicians that truly live and breathe this enchanting genre. The result is the most authentic Bossa sample collection available - with all the pure and original elements that make the Bossa sound.
