

Future Loops is proud to present Trap Invasion, a killa collection of Construction Kits, Samples & Loops that will take your productions by storm!

With "Trap Invasion" you are presented with an almighty arsenal of inspirational sounds that not only captures the essence of the Trap sound but goes a few steps further blending genres and styles in a true groundbreaking fashion that only Future Loops can deliver !

"Trap Invasion" brings you perfectly crafted Trap kits that go head-to-head with heavy Dutch House basses , Crunked up synths , Dirty South flavored beats , Ghetto leads and Juke drum machine elements ! This recipe for super-sonic success takes inspiration from artists and producers like Diplo, Mas Descent, Flosstradamus, Grime Salva and Baauer and is offered 100% Royalty-Free and ready to set the charts on fire !

"Trap Invasion" features nasty screaming synths , bass lines in overdrive mode , sick leads with a freaky swing , sweaty synths and chords, bang-on-the-money drum loops and to top all that a folder with One-Shot Kicks , 808's , Snares , Percussion , Hats and Claps !

For complete usability samples in "Trap Invasion" are offered in multiple formats : WAV/Acid Loops, AIFF/Apple Loops , REX & WAV One-Shots ! MIDI files are also included to give you the full coverage you need to start mixing and producing some serious Trap tunes!
