

SYNTHETIK SERIES >> WIDE NOIZ 02

Future Loops is proud to present **Wide Noiz 02**, a collection of FX geared towards electronic & dance music productions.

Following the success of **Wide Noiz 01** we return with **Wide Noiz 02**, another array of floor-sweeping sound effects: noisy builds, swooshes, falls and rises !

This must-have collection of **100% Royalty-Free** white-noise fx was built from the ground-up to load your studio with essential sound design elements that will allow you to control the breakdowns, build ups and drops of your tracks - create momentum and transitions easily or use it to instantly glue the different parts of your mixes together !

The sound effects in **Wide Noiz 02** are perfectly suited for any electronic or dance oriented genre: House, Techno, Progressive, Electro, Trance, Drum & Bass or Dubstep !

Once again the possibilities are endless! Pure power at your fingertips, once more!
